

Fully tested according to the EN13229 mark (VNB), approved & patented product

ECO GRATE

Turning up the heat, saving you fuel!

HOW IT WORKS...

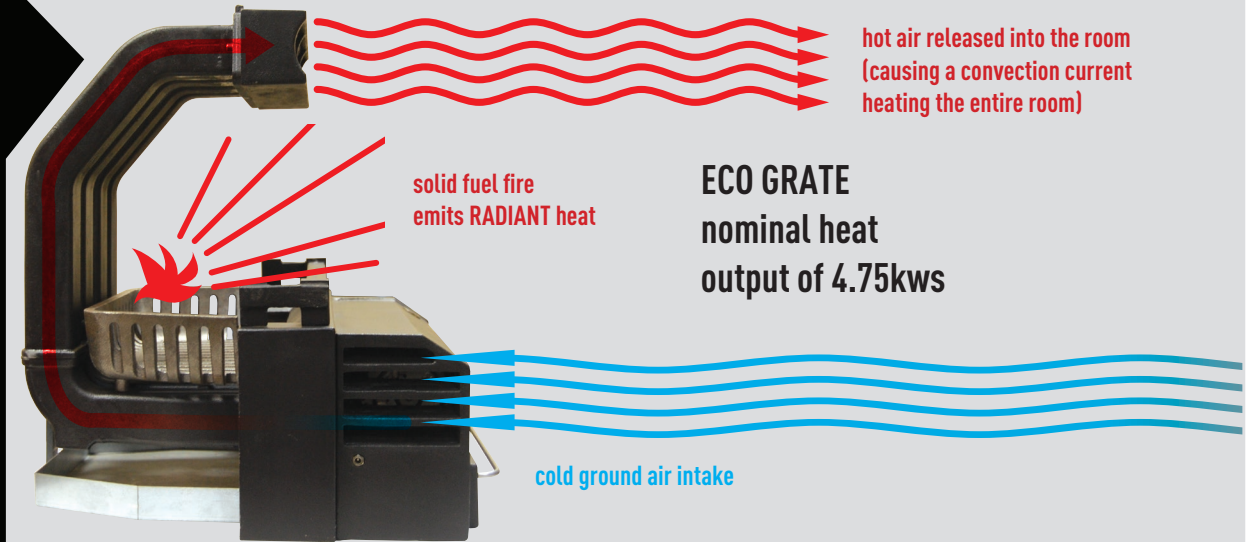

Half your fuel costs... Double your heat output!

Fits a 16/18 inch fireplace with standard fireback

NOTE: May not fit fireplace with Ripple Back or Back Boiler

Quality cast iron manifold absorbs heat from solid fuel fire

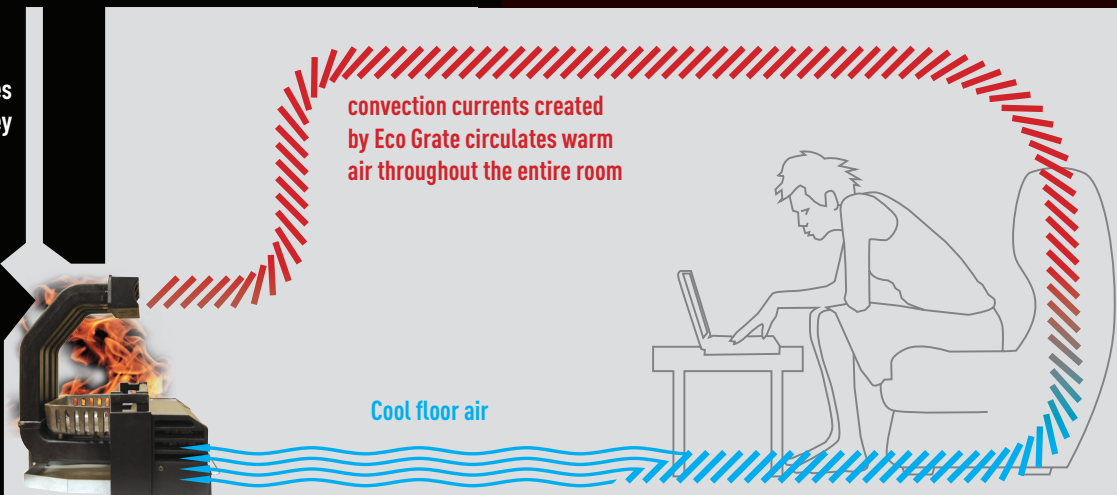

smoke escapes via the chimney

Fine ash collects in ash pan underneath the Eco Grate

12 volt supply to electric fan (actuated when Eco Grate reaches optimum temperature). Automatically switches ON/OFF

smoke escapes via the chimney
